BULLETIN-VIENNA, JULY 28-OFFICIAL NOTIFICATION OF DECLARATION OF WAR WAS SENT TO SERBIA TODAY BY AUSTRO-HUNGARIAN GOVERNMENT

## GERMANY DECLINES TO JOIN PEACE PLAN TO SETTLE THE WAR; HOSTILITIES OPEN

Berlin, Germany, July 28—Austria today formally declared war on Serbia. Troops are being massed on the border. Reserves are pouring into Austria from Germany.

Austrian warships and transports are moving up and down the Danube and within a short time official reports of the occupation of Belgrade is expected.

### BULLETIN

Paris, July 28—Belgrade will be occupied by Austria troops this afternoon, according to latest advice received here. They have concentrated across the Danube from the Serbian capital and a pontoon bridge is being constructed under the cover of artillery to allow passage over the Danube.

### BULLETIN

Vienna, Austria, July 28—It was semi-officially announced here today that Austria-Hungary has decided to refuse Sir Edward Grey's proposal of an ambassadorial conference in London.

The Imperial Austro-Hungarian foreign office declared today that even should Serbia comply with the demands contained in the Austrian note the government of the dual monarchy would not be satisfied.

London, Eng., July 28—Announcement of the declaration of war by Austria-Hungary on Serbia came today almost immediately after Germany and Austria had notified Sir Edward Grey, the British foreign minister of their refusal to join in a mediation conference.

It is assumed here that the efforts of the European nations will now be directed towards localizing the area of hostilities.

The actual cause of Austria-Hungary's decision to start war against Serbia was the reply sent by Serbia to the note from Vienna demanding that Serbia take steps to put a stop to the Pan-Serbian propaganda on Austrian territory and also punish those Serbians indirectly concerned in the assassination at Bosnia on June 28th of Archduke Ferdinand heir to the Austro-Hungarian throne.

### Strict Neutrality By U. S.

Washington, July 28—The cabinet today briefly discussed the issue. It was agreed that if war involving any or all of Europe broke out, the United States would remain strictly neutral.

### Austrian Troops On Frontier

Berlin, Germany, July 28—Reports from the Austrian border today state that the transports of the Austrian army are being moved from Bohemia to the Serbian frontier.

The telegraphic service between Berlin and Vienna was demoralized and on some lines was completely interrupted. The run on the savings bank in Berlin today was resumed. The police authorities of Berlin announced today they would not permit any more patriotic processions in the streets of the capital. The German administration today ordered the concentration of the German fleet in home waters.

—The declaration of war from Vienna and signed by Foreign Minister Berthold follows:  
"A royal government of Serbia not having replied in a satisfactory manner to the note remitted to it by the Bulgarian minister at Belgrade, July 23, the Imperial and royal government finds itself compelled to proceed to safeguard its interests and to have recourse for this purpose to force arms. Austria-Hungary considers itself therefore from this moment in a state of war with Serbia."

## Canadian Fire

Ottawa, Ont., July 28—Fire broke out last night in Gibson & Hughson's lumber yard, and it was still burning fiercely today. The loss is estimated at \$500,000. A strong wind was fanning the flames, but the firemen hoped to check any further spread of the fire.

## TAXES MUST BE LOWERED

Cincinnati, Ohio, July 28—Governor Cox, in a speech last night on taxation matters at Norwood, declared in dramatic fashion that if the Hamilton county budget committee did not make a lower taxation rate this year, an indignation meeting of citizens should be called before the county court house. He said that if such a meeting were held he would be present to lend his aid.

## Woman Is Accused

Bridgeport, Conn., July 28—Finding that Walter Ballou, the Stamford business man and politician, came to his death as a result of the criminal act of Helen M. Angle, the Stamford divorcee upon whom he was calling just before his death, a woman was found on the sidewalk in front of the hotel where Mrs. Angle lived, was landed during the night at New Castle, on the coast of County Wicklow. The gun-runners evaded the coast guards and police and conveyed the woman in motor cars. Two boats were in the bay at the time flashing their lights.

## BRITISH ARE DEFIED BY MARCHING NATIONALISTS

Dublin, Ireland, July 28—Defying the government's prohibition of parades by armed civilians, nationalist volunteers marched through the streets today. Many of them carried rifles supposed to be part of the consignment landed at Howth on Sunday. Every hour is increasing the bitterness against the troops who fired on an attacking mob Sunday killing three and wounding many.

Though it was announced in London last night that John Ross, the chief of police, commander of the force, had resigned, he was at his post today. This increased the tension here as the general public holds him responsible for calling out the troops. When the mob was fired in its attempt to take revenge on the soldiers it turned its attention to the street cars. Several cars were smashed before the police could check the demonstration.

Dublin, Ireland, July 28—A consignment of 4000 rifles for the Irish Nationalist volunteers was landed during the night at New Castle, on the coast of County Wicklow. The gun-runners evaded the coast guards and police and conveyed the weapons in motor cars. Two boats were in the bay at the time flashing their lights.

## AUSTRIANS CAPTURE TWO SERBIAN SHIPS LOADED WITH ARMS

Nish, Serbia, July 28—Two Serbian steamers were seized at Orsova on the Danube by Austrians. The Serbian colors were hauled down and the Austrian flag hoisted. The passengers were detained.

Servian troops are reported to have been defeated by Austrians who entered the Serbian kingdom, 50 miles west of Belgrade.

Semi-official rumors are current that three troops of the Austrian army have entered Belgrade after brief fighting. Thus far the government has refused to confirm the news of the invasion of Serbia stating that no details of military movements are to be given out.

Nevertheless the Reichspost which is in close touch with leading officials of the government confirmed the report of the seizure of Serbian ships carrying contrabands of war.

The greatest patriotic demonstrations ever witnessed here occurred last night and today. Great throngs marched through the streets of the capital mingling cries of "Down with Serbia" and "We want war with Russia."

### King Peter Is Confident

Kragujevac, Serbia, July 28—"We will crush Austria!" With these words King Peter of Serbia today proclaimed himself and his country ready for combat and set at rest rumors that he was urging Prince Alexander who had served as regent for a few weeks to yield to Austria without giving battle, a decision to be crushed.

### Servians Seize Railroads

Salonica, July 28—Servian troops today seized all railroads in the kingdom. Traffic was suspended on all lines and the cars and locomotives were added at Ushup for the transportation of soldiers and supplies.

The railroads north of Nish which the cost of the war has been transferred from Belgrade is said to have been mined. All Austrian and other subjects in Greek territory have been notified by their consuls to rejoin their regiments.

## Held Up His Hands, But Also Screamed

Strong lungs proved a valuable asset to Paul George, a young foreigner employed at the ice cream parlor at Twelfth and Monday streets late Monday night, his terrified screams saving him from being held up and robbed by two unknown men who accosted him on Twelfth street near Chillicothe street, about eleven o'clock. George was ordered to hold up his hands by the two men, each of whom pressed the shining barrel of a revolver against his breast.

George complied with the demand all right, but set up such an outcry that the entire neighborhood was awakened, and the hold-up men were forced to flee without accomplishing their purpose. The young foreigner kept on his screams long after the men had down, and was on the verge of collapse when Chief McCarty and Patrolman Albright arrived to investigate. The police officers happened to be on Eleventh street within a square from the spot where the holdup occurred, and were on the scene within five minutes after it happened.

It was with difficulty that the officers learned what the trouble was, George being so excited that he could not talk so the police could understand him. When it finally dawned upon them what had occurred, they started on the trail of the holdups, which led through the rear of the Stockham ice plant. Until after one o'clock the search was continued but without success. The entire district from Seventeenth street to Ninth was gone over thoroughly, but the two men succeeding in eluding the police. The latter have but a meagre description of them, but from the statements of the residents of that neighborhood who saw their retreating forms, both of them are young men.

The highwaymen chose a clever ruse to get George to the spot where he was accosted. Some one called the ice cream parlor over the phone and asked that two quarts of ice cream be delivered at the corner of Eleventh and Chillicothe streets, where two girls would be waiting for it. George was on his way to make the delivery when the robbers dashed out the shadows and ordered him to hold up his hands.

## MME. CAILLAUX FALLS IN FAINT AS LAWYER DENOUNCES HER ACT

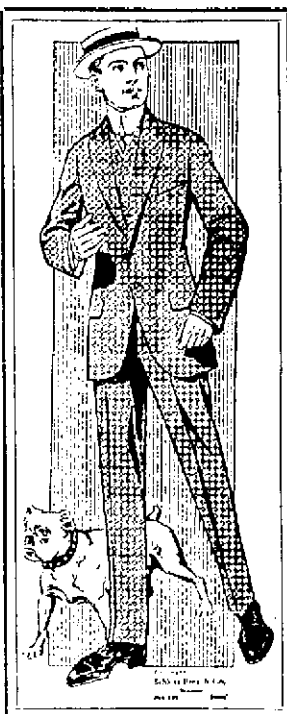

Paris, France, July 28.—Wild scenes were enacted today when arguments at the trial of Madame Henriette Caillaux, for the murder of Gaston Calmette, began in the court of Assizes. Hundreds were packed about the court room clamoring for admittance. In an effort to rush the doors men fought and scrambled for admittance. Women fainted in the crowds and were carried away by soldiers. Attorneys Schuman and Chenu opened the arguments for the prosecution, speaking in behalf of the Calmette heirs.

Cringing before the denunciation of Chenu and daily fighting in the prisoners' box, Madame Caillaux was again carried from the court room and Judge Albouy suspended the sitting.

Chenu had violently attacked the contention of the defense that Madame Caillaux did not intend to kill Calmette. He asserted the testimony introduced to show that the murder was premeditated. He said she went to the office of the La Figaro with the sole purpose of killing Calmette. The revolver which she had purchased lay hidden in her maid's room, he asserted to kill. With this denunciation the women fainted.

This occurred before the attorneys for the Calmette family had completed their cutting analysis of the tragedy. She collapsed and fell in a heap on the floor of the prisoners' enclosure, and a physician had to be summoned when she was conducted into the court room and the marks of the attorney's words were on her face.

Madame Caillaux was speaking when Madame Caillaux, June 28, "I will not be accused of having wanted the crime of my husband's death. I will not be accused of having wanted the death of my husband's death. I will not be accused of having wanted the death of my husband's death."

Using these columns is pretty much like picking up money on the streets. Walking is small effort, you wear out a little, the leather, the money you pick up is clear gain, if you can't find the owner.

So it is little effort to telephone your "want" to this paper, your carrier will collect the little cost—only 25 cents a word each insertion—and the little ad is altogether likely to get for you what you want.

## Gallia Pike Paving Has Been Started

Here is a real live news item. A big force of men are at work on the excavating and it will not be long now until brick will be laid and in a few weeks Gallia pike will be a smooth paved roadway instead of a series of chuck holes.

One that motorists and users of the Gallia pike will read with a thrill of pleasure. Monroe & Son began work on their contract of paving the pike from Young street to the east corporation line Tuesday.

It isn't safe to trim a corn with a razor, that is if you trim said corn to the "quick."

Dave Galford of the North End has found this out to his sorrow. He trimmed a corn too closely Sunday, and now he is suffering a slight attack of blood poisoning.

Another good day in school and church services. Our attendance at the Bible school was the small est for a long time but a lot of the folks are away visiting and when they come back we will see it go up to where it has been.

The teachers' congress had a called meeting at the close of the morning services and voted to cooperate with Scioville school in a Bible school celebration to be held Labor Day in the beautiful church yard of the Scioville Baptist church. A committee was appointed to act with the committees from Scioville and other schools to prepare the program for the day. The plan is to have several schools take part in the program and to have Wilson A. Holmes, the Bible school man for Ohio, to give us an address and conduct a round table discussion on Bible school work. Mr. Holmes is well known and well posted in this line. He is a specialist and it will be well worth while going a long way to hear. Let us plan to give him a good hearing.

The Sunday morning service was well attended and the attendance was fairly good in the evening when Rev. Slade, the American Bible society man, gave us a brief message on "The Love of God."

The people responded promptly when asked to quote verses of scripture from memory. The people came out real well and give good attention, as a rule, since they know the service lasts but one hour these warm summer evenings.

It was a pleasant surprise to most all who attended the Bible school to see a piano in the place of the organ. Thanks to Mr. Seiler who so kindly loaned us the piano. We hope this fall we may think of purchasing one, as it is so much help. It may be a good idea to purchase this one. When Mr. Seiler may think of moving it in October it would be a good thing if we can tell him to just leave it. Think it over.

In spite of the clouds and wind Sunday afternoon we had a good meeting in the church and at the Scioville Baptist church yard. The clouds and wind made it pleasant for those who came through it seemed, many so badly they were afraid to risk it.

The singing was the best we have had for some time. Everyone had a song book and that helped some.

Let's get some new song books and we will have better singing all the time.

I never pass the Children's Home but what it strikes me that there is a whole lot of good park ground going to waste and the Hilltop suffering for some park advantages.

Now it strikes me that an arrangement could be made between the city and the county to use the ground for park purposes and not interfere at all with the children of the home.

There could be a number of electric lights in the grounds, and benches, swings and other paraphernalia suitable for park purposes, and the people of the Hill Top could have the benefit of the much-needed park.

## THINK TEACHERS PLAY THE POPULARITY GAME

Columbus, O., July 25.—That the plan of furnishing a home for teachers in the rural public schools are too much inclined to try to be popular with pupils and parents, make school work easy, and to pass every boy and girl with good grades in order to cover up defective teaching or poor scholarship is the claim made by a majority of 865 presidents of rural boards of education and other interested parties to whom the state agricultural commission sent a list of 22 questions relating to various phases of the rural school problem.

## What Thin Folks Should Do To Gain Weight

Physician's Advice For Thin, Underdeveloped Men and Women

Thousands of people suffer from excessive thinness, weak nerves and feeble stomachs who, having tried advertised flesh-makers, food-fads, physical culture stunts and ration creams, resign themselves to life-long skinniness and think nothing will make them fat. Yet their case is not hopeless. A recently discovered regenerative force makes fat grow after years of thinness, and is also unequalled for repairing the waste of sickness or faulty digestion and for strengthening the nerves. This remarkable discovery is called Sargol. Six strengthening, fat-producing elements of acknowledged merit have been combined in this peerless preparation, which is endorsed by eminent physicians and used by prominent people everywhere. It is absolutely harmless, inexpensive and efficient.

A month's systematic use of Sargol should produce flesh and strength by correcting faults of digestion and by supplying highly concentrated fats to the blood. Increased nourishment is obtained from the food eaten, and the additional fats that thin people need are provided. Fisher & Streich and other leading druggists supply Sargol and say there is a large demand for it.

While this new preparation has given splendid results as a nerve tonic and vitalizer, it should not be used by nervous people unless they wish to gain at least ten pounds of flesh.

## Six Imperiled In Exciting Runaway

A runaway in which the lives of six people were endangered took place in New Boston, Sunday afternoon, when a horse driven by David Tipton scoured at an automobile just north of the ball park, and ran off. Shortly after the horse bolted it ran off the road and overran a buggy, its occupants being hurled within a few feet of the lake. Those in the buggy were Mr. and Mrs. David Tipton, Mr. and Mrs. Elwood Qualls and daughters, Thelma and Rawena. Some were thrown under the buggy and all had a close call from serious injury. They were fortunate to escape with minor bruises and scratches. The top was torn off the buggy and the single tree was snapped. It was a thrilling runaway and the occupants were given the scare of their lives. The horse was stopped within 100 yards of where he bolted.

Mr. Brehmer says the meeting was the greatest kind of a success, the only drawback being that there were too many people at Cedar Point. He was expected to live in Sandusky while away, being unable to get accommodations in Cedar Point. Mr. Brehmer was elected chairman of the committee on members ship. A report submitted by the secretary showed that during the year just closed the membership was boosted 50 per cent. The place of holding the 1915 meeting will not be decided until the executive committee meets in December.

## CASE IS UP TO GRAND JURY

Mayor J. S. Davis made Spine William McManis the following proposition Saturday, providing that the transcript that Mayor Davis had wanted examination, and had been sent over to the grand jury under a \$250 bond, had not been filed with the county clerk, he have thought the matter over and will stand trial before the grand jury if he has not already filed his report with the clerk. The warrant that Mayor J. S. Davis holds against the prosecutor's witness, William McManis, will be tried later, and after Spine will have been given ample time to get out of town. I think this a very fair proposition.

The case has entirely passed out of Spine McManis' hands as the necessary papers making it a case for the grand jury to call in were filed Friday.

In attempting to board N. & W. passenger train No. 16 Monday afternoon, Walter Wilburn, aged 16, who resides at 2348 Eighth street, had a close call from being thrown beneath the wheels of the train. He missed the step on one of the coaches and was sent sprawling to the ground. He was in a semi-conscious condition when picked up and taken to his home.

## Johnny Shovelin One Grand Player

Chillicothe, July 28. Five years ago Johnny Shovelin came to Ohio to get a try out with the league team there. He was barely 18, with no knowledge of the game, excepting what he had picked up as the star performer with the nine in his small home town of Jefferson, Pa. He was full of determination and when he got to Chillicothe he was the most talked of and one best bet in the Ohio State League. Johnny goes to Columbus to fill that second base hole for the Senators. A good round sum was paid for his services, for Johnny is the cream of this crop of players. If circumstances can be made with the National League, he will be left here until the season is over, for he is needed badly.

## To Raise Pennant

Higley sent to members of the local team, Higley is a rattling good southpaw and is the property of the Columbus team. He would have helped a lot here.

## DEMOCRATS OF SCIOTO COUNTY AND THE SIXTH CONGRESSIONAL DISTRICT

This article is from the "Free Press-Standard" published by Representative Keeney of Carrollton, Carroll Co.:

Good roads enthusiasts and better school advocates, regardless of politics, are waiting with interest the outcome of the sixth district congressional primaries, in which Senator J. L. Hudson of Portsmouth is seeking a nomination. He deserves it. Mr. Hudson is a Virginian by birth, and an Oldham by choice. He is a Democrat both by tradition and from conviction. Mr. Hudson is not an extremist. He condemns backward looking; he is for a constructive and definite program upon state and national questions, and gives from his party view, a logical reason for the faith that is in him. He does not belong to the class that prostitutes political influence to pure gain. Mr. Hudson was one of the active and potent members of the eightieth general assembly; one of those who while in the committee on roads and highways, and championed all the sane and important road legislation. His work on the finance committee was thorough, and resulted in the saving to the state of thousands of dollars. He is a clever and capable man, and a clear and convincing speaker. A recent address of his on flood protection was reproduced in the leading engineering journal of France, and was a revelation to the engineering fraternity, of which he is a member. Senator Hudson is the author of the standardization of classification of rural schools law, which was enacted at the special session. At the same session he introduced a sensible uniform textbook bill, which, after passing the senate, was killed in the house committee by members who favored the iniquitous book trust. He is congressional size and thus tribute from one who was associated with him and who is a Republican, is unsolicited, prompted by a friendly feeling without a desire to mix in the politics of a district with which the Free Press-Standard has nothing in common.

## WIFE HAS AN ADMIRER ARRESTED; POLICE NEWS

Claiming that he was trying to break up her home by his continual requests that she leave her husband and elope with him, Mrs. Mabel Shadley of Findlay street, caused the arrest of Ernest White, a local shoemaker, Monday evening. In police court Tuesday morning, Mrs. Shadley told the mayor that White had been annoying her for several months, by stopping her on the street, and by "ridiculing" her house every time he passed by. Joseph Shadley, her husband, corroborated a portion of his wife's statements.

White, however, had his inning soon afterward, and told the mayor that there was a time when the woman did not frown upon his attentions, but accepted him readily. He told of a hungry ride which they had taken one Sunday evening while Shadley was at work, the woman suggesting the little outing. According to his story, he was not aware that he was persona non grata with the woman until he was placed under arrest.

After warning the woman to be careful of accepting the attentions of other men while she was the wife of another, the mayor closed the case by adjudging White guilty, and fining him \$50 and costs. He is still in jail, being unable to pay his fine.

After having effected a reconciliation between husband and wife, the mayor late Monday afternoon released Mrs. Emma Shadley, the woman arrested at the N. & W. station Saturday afternoon as she was preparing to flee the city with Karl Tello, a young lawbreaker. The Shadley woman immediately crossed the Ohio river in Kentucky, her husband meeting her at the ferry landing and accompanying her home. Tello was adjudged guilty of disorderly conduct, and fined \$50 and costs, which he paid. The mayor made a thorough investigation of the case, and decided that there was not sufficient evidence to hold him on a white slavery charge.

Charges of drunkenness, disorderly conduct, and visiting a house of ill-fame faced George Mead of this city, when he was brought before the mayor Tuesday morning. Mead was arrested by the police as he was leaving a questionable resort on West Eleventh street, and at the time of his arrest, was barely able to navigate. He pleaded guilty to all of the charges, and was fined \$50 and costs, \$20 of which was remitted. He expects friends to make good the amount of his fine.

Upon complaint of her husband, Pearl Blackwell, a colored citizen of the North End, Jessie Blackwell was arrested on a charge of disorderly conduct and drunkenness late Monday evening. Blackwell complains that his wife associates with people of questionable character and drinks to excess. When he upbraided her Monday evening, a quarrel followed, which led to her arrest. Mrs. Blackwell had no defense to offer and drew a fine of \$1.

George Williamson, a wanderer, who lit in Portsmouth Monday, was fined \$5 on a drunk charge, and he will work out his fine on the city's streets.

Van DeLott, better known as

"Yaller," made his periodical appearance in police court Tuesday morning, having been arrested Monday evening by Officer Gans, on a charge of disorderly conduct, preferred by his wife. The wife claimed that he ran the five family out of the house, he had entered a plea of not guilty when arraigned, and the case was continued until the wife could be called as a witness.

For the second time since the original affidavit was filed, Mayor Pick has granted a motion for a new trial in the case of George Paul, chauffeur for the J. M. Stockham company, arrested for exceeding the speed limit and fined \$25 and costs. The case will come up for hearing for the third time Wednesday morning before the mayor.

Attorney Dackler and Mathison, representing Kups Brothers, defendants in a \$50,000 personal injury case instituted recently by Mr. Sarah Williams, widow of Noah Williams, who was killed while in the employ of the defendants at New Orleans, filed a motion in common pleas court Tuesday morning, asking the court to require the plaintiff to make more definite and certain the facts alleged in the petition. The defendants want the plaintiff to set forth the exact date of the accident, in what manner the accident occurred, and come apart, how far the defendant fell, and the nature of the injury sustained.
